

Botanical Painting Workshop

November 11 & 12
Saturday and Sunday
10am - 4pm

Learn the fundamentals of botanical painting in watercolor or work on specific more advanced skills. Small classes mean we cover what you would like to learn.

Either work with the class on a specific skill or progress one of your own. Subjects include: an introduction to necessary supplies, drawing and painting techniques, composition, choosing and mixing colors, creating colors, and more.

This is an opportunity to learn the techniques required to capture flowers and other natural objects on paper in a series of straightforward steps.

Supplies will be provided for beginners.
